

On Champlain's Footsteps!

In 2004, Acadians celebrated the 400th anniversary of the coming of the French in North America (1604-2004). Novacadie has designed a wonderful series of guided tours called *On Champlain's footsteps*, so to always let us all re-live his experience of the New World in the heart of Acadie's origins, but in unsurpassed comfort and pleasure. The customized tours take place all year-round since

Novacadie, and "The Congrès Mondial Acadien"

Ardent worker and promoter of the international event from the beginning, Novacadie benefits from eighteen years expertise in catering, reuniting members of the French/Acadian mosaic of the world right here in the Canadian Maritimes where it all begins and... never ends, at least, in your heart...

Calling for Celebration!

Louisiana, Québec, France, New England states,
and all Acadians of the Maritimes!

See for yourself...

the many sites of historic significance;
the original dykes (levées),
the enclosed fertile farm,

The secrets lay in the land...
If we listen we can hear them.
